

## The Secret Garden

It's Our Very Own 'Secret Garden'

We hope that you'll take the time to discover our Secret Garden. Even our neighbors don't know that behind the motel sits this lovely oasis. Enter the garden area through our Sun Room that is along the front of the property or take a walk around and find the side entrance!

This serene garden area looks over a tranquil pond where fish play and lights twinkle in the background. It's a magical, intimate spot and gives a sense of enclosure while being outdoors. With warm sunshine, pretty flowers and lush greenery, this is a beautiful space for photographs, quiet conversation, taking an afternoon snooze, reading your book or maybe tray your breakfast over to enjoy the patio!.

The Garden has a 1200 sq. ft. deck covered by a large white pavilion so that even if the weather is unkind, you have an outdoor place to gather with friends or sit and relax with a coffee drink (or your own refreshment). There's even a blazing evening fire to add warmth to the surroundings.

We hope you'll take the time to stop and stroll thru the Garden...spend the morning listening to the birds, or the afternoon just being together.
